

*Join Mark Tanner in concert for "An Evening In His Courts" featuring a time of music and testimony from his upcoming CD release entitled, "In His Courts"*

Since its beginnings, New Heart Ministries has always had a very strong music component. As a worship leader, wherever we travel to minister, music always plays an important role in ministry. I released my first worship CD 6 years ago, and have had a strong desire to release another for the past years. But that dream just seemed to continue to drift further and further away. I felt that my dream was dead and buried. I had really lost hope and left it behind.

One of the first assignments at the recent Co-Workers Conference of Follow Him International in Switzerland was to take some time and recall the prophecies that had been spoken over our lives, and to think also about the desires that God had set in our hearts. Then we were asked to share those things with the team. Almost immediately the Lord impressed upon me the music ministry and how His desire was to "get what is inside of me out of me" so that He can use it to build His Kingdom. It was at this point that the prophecies and dreams began to be stirred up inside of me again.

After further discussions with Claude Widmer (Founder of Follow Him International) and with Tom Brock (Founder of Wave of Life Ministries and Worthwhile Worship), the dream is coming forth! I will be in the studio in Jacksonville Florida in early 2012 to record and release this resurrected music project entitled, "In His Courts." As this was all opening up to me, it was like Jesus Himself was standing at the tomb of this dead dream and was saying, "Roll away the stone, and come forth in My Great Name! Speak to your dream in My Name! Tell that dream to come forth and to be perfected in the Earth and it will obey you!" And in that moment, my dream was resurrected. The release date for "In His Courts" will be by March 31, 2012.
